

C2000

PROFESSIONAL SMALL-DIAPHRAGM
CONDENSER MICROPHONE

AKG[®]
by HARMAN

THE FIRST STEP INTO THE STUDIO WORLD

The C2000 is a small-diaphragm condenser microphone for vocals, brass and percussion in the studio. Designed with AKG expertise and valuable customer input from all over the world, the C2000 contains the essence of six decades of microphone engineering.

Thanks to the patented capsule design, the C2000 impresses with a good transient response and a smooth low end. Moreover, its low-noise electronics ensure low distortion and a high dynamic range. A must-have for every project studio.

HIGHLIGHTS

- » **Patented capsule design for sound quality close to that of large-diaphragm microphones**
- » **Low-noise electronics ensure low distortion and a high dynamic range**
- » **Cardioid polar pattern for a multiplicity of applications**
- » **Internal windscreen protects from wind and breath-generated pops**
- » **Switchable attenuation pad and low-cut filter enable for high SPL and eliminate proximity effect**

KEY SPECIFICATIONS

Polar pattern	cardioid
Audio frequency bandwidth	20-20000 Hz
Sensitivity	20 mV/Pa
Max SPL	150 dB
Equivalent noise level	20 dB-A
Signal to noise	> 74 dB-A
Preattenuation pad	-10 dB
Bass cut filter	500 Hz, 6dB/octave
Electrical impedance	< 200 Ohms
Recommended load impedance	> 1000 Ohms
Powering interface	9-52 V, 2mA
Audio output	Balanced XLR, Male 3-pin
Finish	black
Dimensions	160 x 53 mm (6.3 x 2.1 in.)
Net weight	330 g (11.6 oz.)

Included accessories:	H85 Universal shock mount
Item number:	C2000H85 2786X00210
