

BY DRAWING UPON STUDER'S INDUSTRY-LEADING INNOVATION, THE MICRO SERIES DELIVERS CONSISTENT HIGH-QUALITY RESULTS AT AN AFFORDABLE PRICE POINT.

COOL FEATURES

The VoiceMix algorithm automatically mixes and processes up to 12 inputs, alleviating anxiety associated with live, unscripted productions.

Play and record audio with ease using the integrated stereo Track Player/Recorder. Additionally, quickly trigger prerecorded sound files using the Jingle player.

Get up and running quickly with the automatic input gain level calibration on each mic input.

The core unit features the same mic inputs as the acclaimed Studer Vista 1 and OnAir 1500 mixing consoles.
